SELECTION CRITERIA

Decisions regarding placement of students applying for non local placement on an eligibility list will be undertaken using the selection criteria that is set out below. The criteria are not necessarily in the order in which they will be applied. There is not the need to address all criteria just those relevant to your circumstances.

- 1 Safety and supervision of the student before and after school
- 2 Sibling (brother or sister) already attending this school
- 3 Structure and organisation of the school
- 4 Medical or other special needs of the student
- 5 Compassionate circumstances
- 6 Special interests and abilities
- 7 Availability of subjects or combinations of subjects
- 8 Proximity and access to the school

In assessing the application the panel will consider only those matters presented on the application form and attachments. The Principal will advise the parents of the outcome as soon as possible following the panel meeting.

In considering 'non-local' applications the school needs to ensure they cater for anticipated local demands, classroom availability, staffing requirements. The department's policy clearly states that 'the enrolment must not result in additional staff and accommodation. The ability of the school to confirm acceptance of a 'non local' application is dependent on these factors and the school will endeavour to inform parents as soon as possible but parents must understand that this may not be possible until after the commencement of the new school year.

Should your application be successful an enrolment package will be posted with the acceptance letter.

I state the information contained in this application is true and correct and understand the assessing criteria.
